

Theatre Technology, Certificate of Proficiency

The Certificate of Proficiency in Theatre Technology provides students with basic training in theatre technology. The department will offer the certificate for students completing beginning courses in stagecraft, costume construction, lighting and sound operation, makeup, shop and backstage procedures, basic design principles, and drafting.

	Credit Hours	13
	Total Credit Hours	27

Program Learning Outcomes

1. Execute basic makeup application skills for stage, including corrective, glamour, age, stylized, putty, crepe hair, and wig application.
2. Identify and demonstrate backstage skills required to plan and produce scenery, props, and lighting and sound for theatrical productions.
3. Employ costume construction technologies using a commercial pattern and demonstrate measuring and fitting techniques.
