

General Education

General Education Information

Whereas a major provides students with specialized knowledge, General Education ensures that students have the breadth of knowledge that characterizes well-rounded and well-informed citizens. General Education provides the skills of analysis, problem-solving, creative thinking, and critical thinking that prepare students for an unknown and ever-changing future.

Completion of the UVU General Education requirements will fulfill the General Education requirements at all colleges and universities within the Utah System of Higher Education. However, certain majors, both at this institution and other Utah institutions, may require **specific** General Education courses. While UVU has not articulated these courses with higher education institutions outside the State of Utah, they will generally articulate to other regionally accredited colleges and universities in the United States. It is the responsibility of students to complete the appropriate General Education courses required by their departments regardless of the generalized list printed in this catalog.

Note: Students taking General Education courses without having declared a specific major are advised in the Academic Counseling Center, LC 402, telephone 801-863-8425. Students who have declared a specific major that is taught at UVU will be directed to the appropriate academic advisor upon completion of new student orientation and assessment activities.

Department Articulation Agreements

In addition to General Education courses, many departments have articulated specific courses that transfer to help fulfill baccalaureate degree requirements. Information concerning these courses may be obtained from UVU department advisors or the Admissions-Transfer Services Office, BA 114.

General Education Code System

General Education course designator codes (Attributes) aid students and transfer institutions to identify how General Education courses meet graduation requirements.

The following list identifies General Education core and distribution courses as they apply to the Associate in Arts/Science Degrees and Bachelor of Arts/Science Degrees, and can be used to search the registration menu:

AS - American Institutions
 BB - Biology
 CC - English Composition
 FF - Fine Arts
 HH - Humanities
 LH - Foreign Language
 PP - Physical Science
 SS - Social Science
 QL – Quantitative Literacy
 XF - Must be taken with another course to equal FF (see department)

General Education Requirements

Interstate Passport

The Interstate Passport enables successful transfer of a block of lower-level general education learning to other institutions participating in the Interstate Passport Network. Students who complete their Passport at Utah Valley University will not be required to repeat or take additional course work to meet lower-division general education requirements in the Passport's nine areas when they transfer to any other Passport institution. Utah Valley University will begin transcribing the Interstate Passport following the Fall 2016 semester. Students with an interest in achieving the Passport should see our website at <http://www.uvu.edu/transfer/passport.html> (<https://www.uvu.edu/transfer/passport.html>) and contact their Advisor.

Associate in Arts/Science Degrees and Bachelor of Arts/Science Degrees

These requirements satisfy the General Education requirements for both the Associate in Arts and the Associate in Science Degrees, as well as the Bachelor of Arts and the Bachelor of Science Degrees at UVU, taking into account adjustments that may be required by academic departments to fulfill their specific needs. Honors courses with the same prefix and number also satisfy distribution requirements. Total core and distribution is 35 credits.

Core Requirements

These courses provide basic skills in logic, math, written and oral communications, health, and fitness.

Code	Title	Credit Hours
Complete the following for 6 credits		
ENGL 2010 & ENGL 201H	Intermediate Academic Writing CC and Intermediate Academic Writing CC	6
ENGL 1010 & ENGL 101H or ENGH 1005	Introduction to Academic Writing CC and Introduction to Academic Writing CC Literacies and Composition Across Contexts CC	6
Complete one of the following for 3 or 4 credits: ¹		
MAT 1030/1035	Quantitative Reasoning QL	3
STAT 1040/1045	Introduction to Statistics QL	3
MATH 1050/1055	College Algebra QL	4
MATH 1090	College Algebra for Business QL	3
Math Course ²		

1

Students should enroll in MAT 1030 Quantitative Reasoning QL/MAT 1035 Quantitative Reasoning with Integrated Algebra QL unless STAT 1040 Introduction to Statistics QL/STAT 1045 Introduction to Statistics with Algebra QL is recommended for their major or they are planning to enroll in courses requiring MATH 1050 College Algebra QL as a prerequisite.

2

Select one MATH course that requires MATH 1050 College Algebra QL as a prerequisite or QL 1900 - Awarded based on achievement of the following test scores:

AP Calculus AB: 3 or higher, AP Calculus BC: 3 or higher, AP Statistics: 3 or higher, IB HL Math: 5 or higher, CLEP Pre-Calculus: 50 or higher, CLEP Calculus: 50 or higher, ACT Mathematics: 26 or higher, SAT Mathematics: 660 or higher. QL1900 satisfies the General Education math requirement; however, certain majors may require MAT 1030 Quantitative Reasoning QL/MAT 1035 Quantitative Reasoning with Integrated Algebra QL, STAT 1040 Introduction to Statistics QL/STAT 1045 Introduction to Statistics with Algebra QL, or MATH 1050 College Algebra QL to be taken as a prerequisite for a higher level Math course.

Additional Guidelines for Completion of the Associate in Arts/Science Degrees

The Associate in Arts and the Associate in Science Degrees are designed to complete General Education requirements and could complete lower division pre-majors for baccalaureate degrees at UVU or other colleges or universities.

The General Education courses shown above constitute the majority of the credits required for these degrees. In addition to the General Education requirements, these degrees require 25 additional credit hours.

Associate in Arts Degrees require 8 hours of these 25 hours to be from the same recognized foreign language.

See your specific academic department for further information on appropriate course work to complete a pre-major or the remaining 25 hours. The Academic Counseling Center (LC 402) has some specific outlines available to transfer to other institutions.

Associate in Applied Science Degrees

This is a general outline. Refer to the department or Graduation Office for specific requirements. A total of 15 credit hours is required. Students must have a minimum of three credits in each area, except "F" (Physical Ed/Health/Safety/Environment).

English

Code	Title	Credit Hours

Transfer Information

For students transferring to four-year Institutions, Colleges, and Universities in the Utah System of Higher Education.

UVU courses numbered 1000 or above will transfer within the Utah System of Higher Education. However, the application of these courses toward graduation is determined by academic departments of receiving institutions.

For students transferring to colleges and universities in the Utah System of Higher Education **before** earning an Associate in Arts or an Associate in Science Degree, or a Bachelor of Arts or a Bachelor of Science Degree, a certified letter verifying completion of the UVU General Education requirements may be requested from the Graduation Office. This letter will cause the gaining institution (run by the State of Utah) to accept the completion of UVU General Education requirements as fulfilling all of the General Education/Liberal Education requirements of the gaining institution.

Note: Completion of an Associate in Arts/Science Degree waives only General Education requirements. It does not waive the necessary hours to graduate. A student transferring to another institution should check with that institution to see how their credits have been accepted toward their degree.

Private, Parochial, or Out-of-State Colleges & Universities

Since these schools are not bound by Utah State Regent's policies, colleges/universities outside the Utah System of Higher Education may have specific requirements and may not accept all courses available at UVU. Students should contact the institution they are transferring to in order to determine how their credits will be accepted.

Brigham Young University

Brigham Young University accepts the Associate in Arts/Science Degrees for completion of its General Education requirements. Courses with grades of "D+" or lower will not transfer. Some departments at BYU have specific General Education course requirements that will still need to be taken at BYU. Individual departments at BYU should be consulted for exceptions.

Note: BYU has a limit on the number of transfer students admitted.
