

Technical Communication, Minor

UVU's English program is designed to give students skill, confidence, and versatility in writing, speaking, and interpreting texts. The program provides opportunities for students to consider and practice the applications of effective language use in diverse situations: professional, pragmatic, social, political, and aesthetic. The English program emphasizes knowledge and use of standard English in all written work, yet incorporates an understanding that English is a desirably diverse and variable phenomenon. The courses of study in English are designed to familiarize students with much of the traditional canon of literature. They are also designed to provide students with the critical and ethical skills necessary to interrogate this canon, to incorporate and legitimize their own and others' "different" voices, not just in the academy, but in any of the many situations in which language influences human activity.

Matriculation Requirements

1. Completion of 35 semester credits with a cumulative GPA: 2.5 minimum. Or completion of an Associate in Science or an Associate in Arts degree. Minimum grade of "C" in all courses.
2. Admitted to a bachelor degree program at UVU.

Program Requirements

Code	Title	Credit Hours
Total Credit Hours		21
Discipline Core Requirements		21 Credits
ENGL 2100	Technical Communication HH WE	3
ENGL 3010	Rhetorical Theory	3
